

Heritage Door Multipoint Lock - Key Operated

ML130S

Technical Information:

- 92mm Euro Lock Centre
- 45 or 55mm Backset options
- Universal Lock Handing
(Latch release)

- ▶ 5-Point locking system with twin tapered deadbolts
- ▶ Twin tapered deadbolts provide low operating force, perfect sealing compression and increased weather protection
- ▶ Euro cylinder located at shoulder height to create a Heritage look with modern, secure multipoint locking system
- ▶ Ultra smooth key/thumbturn activated gearbox
- ▶ Turn key 720 degrees to lock/unlock
- ▶ Finished in Silver Bichromate to BS EN 1670:2007 Grade 4

Day Latch feature on keep enables temporary release of locking system allowing easy re-entry e.g. when carrying shopping in from car.

Heritage Door Multipoint Lock - Key Operated

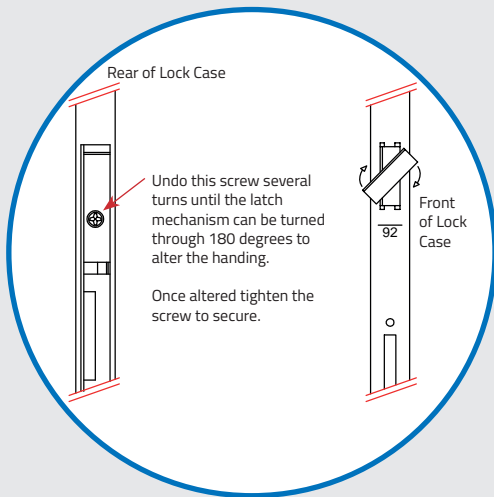

What are faceplate widths?

Typical faceplate widths are 16mm or 20mm, this is measured across the face of the lock.

The diagrams above show typical routing detail to suit either the 16mm or 20mm.

How to release the latch on a non-handed (universal) multipoint lock

Keep Options:
